Video Sale INFORMATION

Video sales are a marketing mechanism that have grown in popularity due to the opportunities they present to producers who deal in large numbers of stocker and feeder cattle. Cattle are generally marketed in trailer-load lots weighing approximately 48,500 pounds; however, we can also sell "partial loads" if there are not enough cattle to make a full trailer-load. Before the sale, a representative from MACS goes to the farm to record video of the cattle while also documenting important information about the cattle including breed, frame, muscling, and fleshing as well as health and nutrition programs. *The following catalog provides this information from our consignors and contractors to assist with marketing the consigned cattle. If you have any questions regarding the stated information, please contact a MACS representative listed throughout this catalog.*

ANNOUNCEMENTS:

Announcements made on sale day will take precedence over what is stated in the catalog.

TERMS & CONDITIONS:

- Most loads have weight stops at 25-50 lbs. over the base weight. The individual weight stops are posted on each lot.
- Cattle that are picked up after the stated delivery dates will be subject to a 3# per day increase on the base weight and any weight stops for each day late after the last stated delivery date.
- Payment by Buyer is due to Mid-Atlantic Cattle Sales at such times as the value of the cattle is determined based on weight (subject to condition), price (subject to condition), and any other conditions stated at time of sale. All payment due will be in accordance with USDA P & S prompt pay policy.

Family owned and operated since 2010

Bidding Options

We want to offer you the best opportunities we can to participate in our sales each month. Below are three options for bidding on the sale.

1. Conference Call

The most common resource used is our conference call line. Contact Marcus or Brooke prior to the sale to receive a buyer's number. After 9:15 est. on sale day, you can call the auction number to listen and bid on the sale. *Please keep background noise to a minimum as we will have multiple people on the line.*

CALL-IN NUMBER: 1-866-906-9888

PASSCODE: 9461720 #

When asked for your name, you may state your name OR simply press the # sign to enter the call.

To mute your phone, press *6. To un-mute, press *6 again.

2. Internet Viewing & Bidding

To view the sale or bid online, visit www.DVAuction.com. Find the "Mid-Atlantic Cattle Sales (Richfield, NC)" sale and click on "Details." From this page you can view the catalog, videos, or log in to watch the sale. If you have an account, log in and view the sale. If you do not, you must create an account under the "Create New Account" tab in the upper left hand corner of the screen. You will need to confirm this account through your e-mail. It is best to do this at least a day before the sale.

You DO NOT have to be approved just to watch the sale but you will still need to create an account with DVAuction.

To register for a buyer's number, call Brooke at 704-322-9770 prior to the sale to be approved to bid online.

3. Absentee Bidding

For people who can not view the sale at sale time, we have independent contractors who can assist you with absentee bidding. Contact Marcus at 704-322-0840 for more information.

"And let us run with perseverance the race marked out for us, fixing our eyes on Jesus, the pioneer and perfecter of faith."

Lots 9093-9095: Central Carolina Livestock Alliance
7351 Beale Rd. Snow Camp, NC 20 miles southeast of Greensboro, NC

Home-Raised, All-Natural, Backgrounded, Weaned, BQA Certified, GAP 4 Certified

Central Carolina Livestock producers have come together to market their home-raised, performance driven calves together on truckload lots. All calves follow the same vaccination, nutrition, and genetic programs found on this page.

For more information on the Central Carolina Alliance program, contact coordinator Frank Bell at 336-260-8190 or 336-584-7607. The Alliance will also have more all-natural loads to sell in August this year.

Genetics: Calves are predominantly Angus-Simmental calves carrying $\frac{1}{4}$ to $\frac{1}{2}$ Simmental genetics, sired by either SimAngus or Angus bulls. Extensive Artificial Insemination work has been used for many years. All bulls used are performance tested and come from reputable purebred breeders. These bulls include sons sired by PVF Rookie, GAR Predestined, RCR Stetson, and more.

Performance: Calves are **home-raised, backgrounded, weaned 45+ days, bunk broke, broke to waterers, docile, and triple vaccinated.** Heifers are guaranteed open. Vaccination protocol followed the Zoetis SelectVAC 45 program and was as follows:

First Round: Bovi-Shield Gold 5, UltraChoice 8, Dectomax Inject.

Second Round: Bovi-Shield Gold One Shot, UltraChoice 8

Third Round: Inforce 3

Certifications: All of these calves qualify as all-natural and producers are GAP 4* Certified and BQA Certified.

**Producers are GAP Certified through IMI Global. The certification information will be transferred to the buyer at time of delivery.*

Other: Weaned 130+ days. Bunk broke.

Backgrounded, Weaned, Guaranteed Open, BQA Certified

A fancy partial load of heifers at 51 head. Heifers were purchased as 4-weights and backgrounded on mountain grass and getting a little silage. There are 41 all black heifers and 10 BWF. They have been weaned for over 100 days and double vaccinated. Heifers are very docile. They would make an excellent set of momma cows or feeders.

Cattle that are picked up after the stated delivery dates will be subject to a 3# per day increase on the base weight and any weight stops for each day late after the last stated delivery date. Page -11-

GRADED FEEDER CALF SALES

Cattle are grouped according to weight and grade. All calves have received at least one round of vaccinations including a modified live vaccine with pasteurella and a blackleg.
